### Benefits of Trivium threaded bottles

- 100% recyclable
- Able to be refilled (compatibility testing required)
- Compatible with industry standard pumps, misters, foamers and other closures
- Inks and coatings create a premium look and feel
- Align with consumers' "push from plastic" and desire for a more sustainable packaging
- Variety of shapes and sizes available
- Rust-proof

#### Packaging that performs

A variety of shapes, shoulders, openings and closures to fit your needs.

#### Want a hands-on experience?
