Turning Sustainability into Success

Our infinitely recyclable metal packaging solutions protect your product, promote your brand and preserve our planet.

Protect Your Product

Durable and impervious to light

Promote Your Brand

360° messaging, premium look and convenient open/close solutions

Preserve Our Planet

100% infinitely recyclable packaging, the circular economy consumers want to see

A Growing Demand

The challenge for consumer brands has become clear:

It's no longer a question of whether brands should shift to more sustainable packaging, but how. The 2023 Buying Green Report shows that sustainability is at the top of consumers' list when it comes to packaging.

66%

identify as environmentally aware.

79%

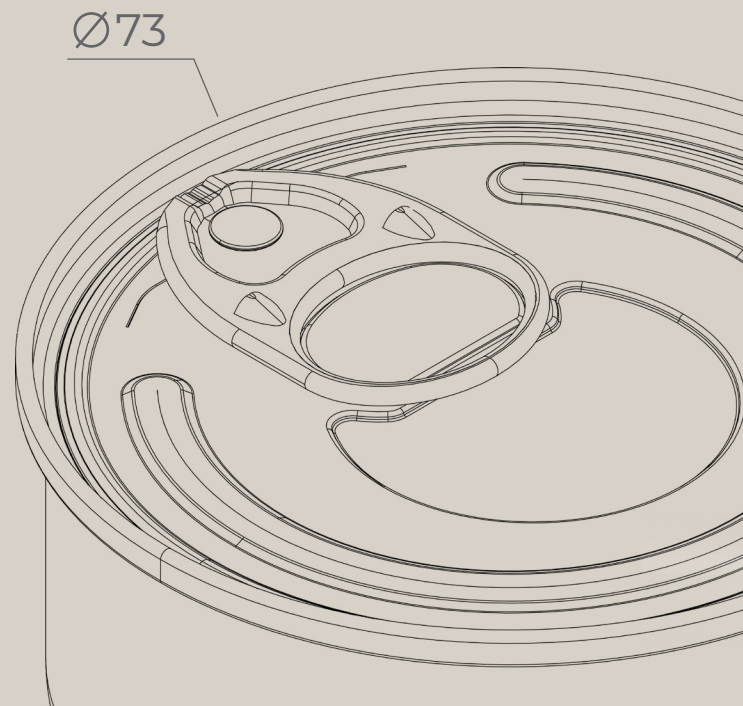

of consumers are looking for products in sustainable packaging.

71%

have chosen a product in the last six months based on its sustainability credentials.
